

2025 AV-W Summer Options

[Registration Linked Here](#)

***All grades listed represent the grade that your child will be in during the 2025/2026 school year.**

Summer Offerings
<p>Academic Support - Grades 1-3 This opportunity will be for students going into 1st-3rd grade needing academic support. Students not meeting the end of the year academic benchmarks will receive support to increase academic success.</p>
<p>Academic Support - Grades 4-6 This opportunity will be for students going into 4th-6th grade needing academic support. Students not meeting the end of the year academic benchmarks will receive support to increase academic success.</p>
<p>Basketball - Grades 4-6 Put me in coach! I'm ready to play! Come join Coach Fortier -- Dribble it, pass it, we want a basket! Looking to tune up your basketball skills? Here's an option for you. Join your friends in this week-long skills session."</p>
<p>Basketball - Grades 7-9 Put me in coach! I'm ready to play! Come join Coach Fortier -- Dribble it, pass it, we want a basket! Looking to tune up your basketball skills? Here's an option for you. Join your friends in this week-long skills session."</p>
<p>Biking - Grades 4-9 Let's explore Northern Wisconsin on wheels. Participants will day trip to our local bike trails for this adventure. IMPORTANT! Students/Parents will be responsible for hauling bikes to and from biking locations.</p>
<p>Bowling - Grades 4-8 Bowling Bonanza! Let's learn a sport that is accessible to all throughout the year. Rain, snow, or sunshine, we plan on learning how to manually score and play the game.</p>
<p>Creativity Camp - Grades K-4 Intended for 1st-4th but any grade is welcome! Join us as we explore fun topics like art, nature, animals, etc. We will read books, do art projects and have a snack related to that theme. Bring your thinking cap and your imagination!</p>
<p>Disc Golf - Grades 4-9 Learn the FUNdamentals of disc golf through outdoor games, practice, guided instructions, and field time on local disc golf courses.</p>
<p>Fishing - Grades 4-9 Enjoy the outdoors through fishing, lure making, fish identification and more, so you can find success on area lakes.</p>
<p>Gardening - Grades 3-5 Unleash the budding botanist in your child with an engaging and hands-on gardening course designed specifically for students in grades 3-5. Join us for a journey that cultivates curiosity, responsibility, and a lifelong love for the natural world. By the end of the course, your child will not only have a deeper understanding of gardening but also a personal garden to cherish and grow.</p>

Intro to Horses - Grades 4-9

In this class students will learn about horses in the classroom for half the time. Then we will be walking over to Rock Falls to get some hands-on experience with their herd. On the last day of the class there will be a trail ride with the instructors.

Intro to Kindergarten - Grades K

Heading into kindergarten? Spend time learning what kindergarten will be like. We start our day with breakfast, head to the classroom for Crew, then we work on some skills that will be used daily. We will enjoy recess and playtime and finish up with lunch in the cafeteria.

Introductory Japanese - Grades 6-9

Have you ever been curious what Japanese and Japan are like? This class will teach some basics on how the language works and teach how to study the language on one's own (if they would like after the class is over.) Here is a chance to try something new!

Lego Creations - Grades 1-3

Whether you love building your own creations or following instruction books, bring your Legos in and have a blast in the Lego Creations class!

Lego Creations - Grades 4-6

Love to Bake - Grades 7-9

Come join us for a fun week of measuring, pouring, mixing, and baking. Come have fun with your friends, and learn how to make some summer treats!

Rest and Reset - Grades K-9

Looking for an afternoon option? Watch a school appropriate movie (G and PG rated) ,join in yoga, put together a puzzle, play a quiet card game, color, perler beads and friendship bracelets. This is for students of any age looking for a calm classroom to spend the afternoon in.

Rocketry & Chemistry Level 1 - Grades 3-4

Blast Off with Mr. and Mrs. Oxley with a brand new week of fun STEAM activities focusing on building and launching Estes rockets. We will also be offering interesting hands-on/inquiry based chemistry activities which relate to rocketry and space exploration.

Rocketry & Chemistry Level 2 - Grades 5-6

Blast Off with Mr. and Mrs. Oxley with a brand new week of fun STEAM activities focusing on building and launching Estes rockets. We will also be offering interesting hands-on/inquiry based chemistry activities which relate to rocketry and space exploration.

STEAM - Grades 3-9

A fun week of creating projects that challenge your creativity along with some friendly competition.

String Art - Grades 3-4

Let's make friendship bracelets! We will create string art projects using a variety of string, yarn, embroidery floss, cord and other materials.

String Art - Grades 5-7

Make a friendship bracelet for a friend, family member or for yourself. We will create string art projects using embroidery floss, jute, macrame cord and other materials.

Survival Skills - Grades 5-8

Fire building, orienteering, and shelter building.

Volleyball - Grades 6-8

Bump! Set! Spike! Looking to tune up your volleyball skills? Here's an option for you.

Work Out with Mr. C - Grades 6-9

Join us for a combination of weight lifting, cardio, boxing techniques, and workout strategies to create a more healthy self. Students are expected to commit to a week-long session with an option of summer long cardio. Please contact Jim Caroselli to set up a slot time during this session.

World Cultures - Grades K-2

In this class, students will have a chance to learn about other world cultures, try some cultural activities from these places, and learn a few new words from different languages along the way! It will be a fun time for all!

World Cultures - Grades 3-5

In this class, students will have a chance to learn about other world cultures, try some cultural activities from these places, and learn a few new words from different languages along the way! It will be a fun time for all!
